DETAILED ACTION

This office action is responsive to an RCE AMENDMENT entered 6-10-2009 for the patent application 09/878245.

Status of Claims

Claims 15-17, 18-35 are pending. Claim 16 has been amended. Claim 18-35 are cancel in Examiner's amendment (See below). As a result, only claims 15-17 are pending and allowed.

EXAMINER'S AMENDMENT

Authorization for this examiner's amendment was given in a telephone interview with Bred Pedersen on Jun 17, 2009.

The application has been amended as follows:

IN THE CLAIMS:

1. **Claims 18-35** are cancelled.

Reasons for allowance

The following is an examiner's statement of reasons for allowance:

Claims 15-17 are considered allowable since when reading the claims in light of the specification, as per MPEP § 2111.01, *In re Sneed*, 710 F.2d 1544, 1548, 218 USPQ 385 (Fed. Cir. 1983), none of the references of record alone or in combination disclose or suggest the combination of limitations specified in the independent claims.

In particular, the limitation "validating a set of application questions by statistically correlating job performance ratings of a plurality of workers who were hired with previous responses given by the plurality of workers to application questions before the plurality of workers were hired " is not taught.

While the Examiner considers such limitation as being drawn to measuring the effectiveness of the hiring questions and reads on benchmarking, the applicant disagrees and insists they are not the same. See remark pg. 15. Nevertheless, applicant's argument is taken as persuasive. As such, one that uses the teaching of Rubenstein of benchmarking retention patterns and turnover rates would be reads on "statically validating questions". *In re festo, U.S. Court of Appeals Federal Circuit No. 95-1066 56, USPQ.2d 1865.*

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to LUT WONG whose telephone number is (571)270-1123. The examiner can normally be reached on M-F 7:30-5.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Vincent David can be reached on (571) 272-3080. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
